Tommy and Anna are helping their mom pick up the living room. Along with the toys are some things Tommy and Anna can use or do to keep their teeth and mouth healthy. Can you find these items in the basket?

- A toothbrush
- Toothpaste
- Dental floss (use all of these every day to keep away tooth decay!)
- A carrot and an apple (food that's good for you AND your mouth!)
- A sippy cup with water (no juice or soft drinks in sippy cups, it can cause tooth decay)
- Bears visiting a dentist (humans, too, need to see their dentists regularly for cleanings and to make sure we're taking care of our teeth and mouth properly)

The toothbrush looks like the horse's white mane! The toothpaste is hiding with the paints on the left side of the basket. The dental floss is behind the yo-yo. The carrot is above all the balls, and the apple is hidden in the balls. The sippy cup is by the doll's left hand, and there's a book at the top of the basket that's about visiting the dentist.
